

Teaching & Learning Site and Planned Course Statements Update

Teaching & Learning

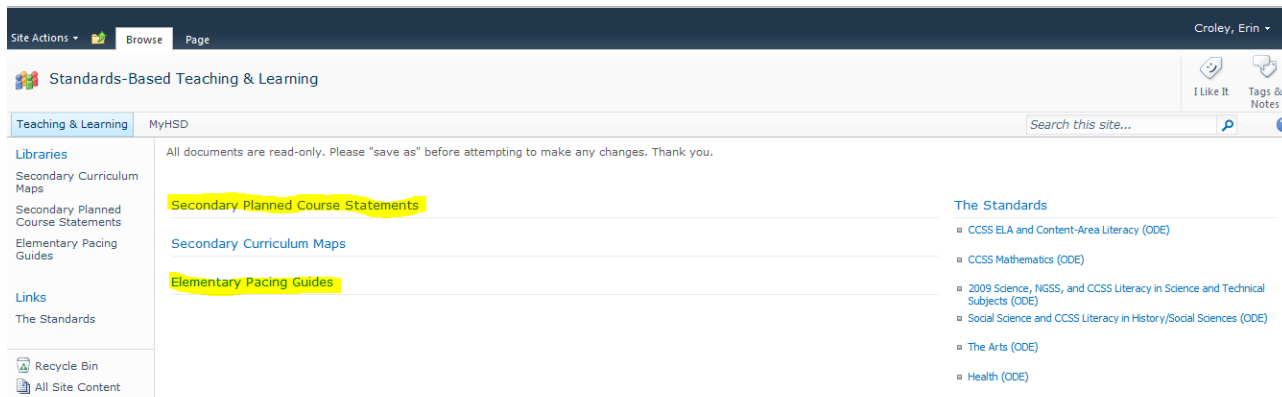

Committed to the elimination of racial and economic achievement disparities

Welcome to the Hillsboro School District staff resource page!
Resources are organized by specific areas under the three column headings below. Click on the site title to access resources. They are "read only" resources. Please "save as" before making any changes to fit your specific needs.

Standards & Curriculum	Instruction & Assessment	Programs & Support
Standards-Based Teaching & Learning Cross-discipline Standards, Curriculum Maps, Planned Course Statements, Pacing Guides, and Templates.	Advanced Learners Instructional Resources for Advanced Learners.	Counselors & CARE Coordinators Shared Resources
English Language Arts Shared Resources.	Assessment & Grading Includes Essential Skills Resources.	EBISS Resources Shared Resources
Mathematics Shared Resources.	Content Area Literacy Research and Resources for teaching literacy in the content areas.	Nurses Shared Resources
Science Shared Resources.		PBIS Shared Resources
Social Studies (Secondary) Shared Resources.		Student Services The Student Services Department coordinates services to students with learning, intellectual, or physical disabilities.
		Student Services Under construction

I updated the look/transitional content organization of highlighted sites (still using folders). Most are "in process". I need to sit down with Holly and Susan about ELA. We have many blank sites that are hidden and waiting to be developed.

All documents are read-only. Please "save as" before attempting to make any changes. Thank you.

Secondary Planned Course Statements

Secondary Curriculum Maps

Elementary Pacing Guides

The Standards

- CCSS ELA and Content-Area Literacy (ODE)
- CCSS Mathematics (ODE)
- 2009 Science, NGSS, and CCSS Literacy in Science and Technical Subjects (ODE)
- Social Science and CCSS Literacy in History/Social Sciences (ODE)
- The Arts (ODE)
- Health (ODE)
- World Languages (ODE)
- Physical Education (ODE)

Add new link

Standards-Based T&L Site: one-stop shopping for standards, planned course statements, curriculum maps, pacing guides, related templates etc. Will add libraries for other curriculum map elements as developed. All these documents will also have copies pushed to or from their content area sites.

- Highlighted libraries have content.
- "Secondary Planned Course Statements" are templates only.
 - Open [Accelerated Math 7](#) to see an "in progress" document. I've started to load content from the original PCS template Amber emailed.
 - **Deadline** for completing these is one week after January 15th Secondary PLC Leadership meeting.
 - ***I will begin loading content for what I have next week, so please make changes directly to these documents and not in a version on your u-drive to replace these unless you check that it is really absent of content.***
- "Elementary Pacing Guides" are linked back to the original in the ELA site.
 - I changed the title to reflect the content independent of its folder. This will help with searchability.
 - I need to show Susan how to push her changes/edits out to all copies.
